As a flower farm and seasonal florist, we offer a beautiful and sustainable choice for weddings and celebrations. We work with nature's beauty, crafting thoughtful, season-led designs that celebrate the unique character of each stem.

Our wedding and event options offer stunning seasonal flowers in your chosen colour scheme and style.

Choose from our menu of wedding flowers including bouquets, buttonholes, venue arrangements and DIY filled flower buckets to create the perfect bespoke floral collection for your day.

We have no minimum spend allowing you to have as little or as much as you need.

Beautiful Bouquets

Carefully considered and thoughtfully arranged each bouquet is made to enhance the moment without stealing the spotlight.

When designing your bouquet we take everything into account – the dress, the venue, the colour scheme and style – all to create an arrangement that is completely individual and unique.

We use homegrown, locally sourced and British blooms wherever we can, and each bouquet is finished with a carefully selected bespoke ribbon to give that final touch.

All our bouquets are provided in glass vases to maintain freshness and allow you to display them in all their beauty as part of your reception.

Bridal Party Flowers

Beautifully tailored to your style, our bridal party florals are designed to create a seamless, coordinated look across your wedding day.

Each piece is thoughtfully crafted using stunning, handpicked seasonal blooms to complement your vision.

From bouquets, flower crowns, corsages, and buttonholes to mini posies, floral rings, and flower wands for little ones — we offer floral options for every member of your bridal party, no matter who they are.

Venue Flowers

We offer a full range of floral designs to adorn your venue, all made to the style and colour of your preference.

Table centrepieces – bowl arrangements, meadow boxes or vases in a range of sizes to suit your needs.

Bud Vases – flower filled bud vases in a range of vintage inspire bottles, perfect for spreading around your venue or dressing you tables.

Aisle & Venue Flowers – including meadow boxes, statement urns or bowls and bud vases we offer beautiful options for aisle and venue decor that can often be re-used / repurposed later in the day.

Buckets of Flowers

For those who want to DIY some or all of their wedding we can provide curated buckets of beautiful blooms and foliage for you to arrange yourself.

The flowers will be cut and conditioned ready for you to collect a couple of days before your wedding or event.

And if you want to feel a bit more confident in making you're own wedding flowers, we can host you and anyone you wish to join you for a workshop to learn how to create stunning arrangements from bridal bouquets to table centrepieces.

Delivery & Collection

Decide whether you'd like us to deliver your florals directly to your home / venue or if you prefer to collect them from the farm.

Delivery & Setup is calculated accounting for mileage and time, and will be quoted after the initial consultation when delivery locations are discussed.
